

No School for Students!

Please note that there will **not** be classes for our students Monday, April 7th, to 11th due to our sessional days and $\frac{1}{2}$ day Toonik time.

Wishing all students and families a very happy Toonik Time

Make Time for Breakfast

Children who eat breakfast perform better at school, have healthier weights, and eat more essential nutrients. All children need to start the day with a good breakfast to feel and do their best. Aim to include foods from at least 3 of the 4 food groups from *Canada's Food Guide to Healthy Eating*.

Intramural Sports

Thanks to our Phys-ed teacher, Rob Strutz, this year's noon intramural programs are booming. Any noon hour there are over 100 students participating in team sports such as soccer, basketball, hockey, football and volleyball. This month: hockey is the sport. Also occurring at noon are Gamer's Club, newspaper club, choir and student council. Thank you teachers and staff for all your hard work and dedication to our students.

Winter Land programs

Aqsarniit students have been busy this month preparing for the annual class land trips. This year tents are set up outside Tar Inlet Apex. Students are experiencing camp life as well as a chance to build snow shelters. Each year we have tried to improve our fleet and at present have four skidoos and four Qamutiik.
